The subject, the image maker, and the viewer.

Notes for the session:

Please bring any props, get any make up or hairstyle that you choose if you wish though this will be at your own time and expense. Keep in mind, some MUA and Hair stylists may do this on a TFP basis also if they like the theme and ideas proposed, it's just a matter of asking 😊

Clothing should be of a solid colour (not floral, bold stripes or patterns). The images are more about you rather than the clothes, unless we both decide that highly stylized images are the goal that feature the clothing. (maybe you are a fashion designer).

Bring as many outfits as you think you might like to feel your best in!

Please bring a family member/friend and your favorite music, so that you can be as comfortable and feel as secure as possible.

The number of images we make that can be processed into files to keep will depend on our energy and the number of looks and options we can create together. It will be a joint project, let's make the most of it!

Marty will occasionally do complimentary Photo Shoots. I also enjoy working on projects and themes that you may be interested in, or **you** have a grand idea that would benefit us both in the results. Often these can be submitted in an appropriate magazine and have been very successful in the past.

If you wish to TFP, (Time For Print) I am very interested in an exchange of value.

My value is in the skills I have developed, my time to get to this point,
the gear I use, providing for my family
and the creative making and then processing images after.

At least \$495 of value for the session I offer specifically for this type of 2 hour session.

TFP is not free, it is an equal exchange of value.

This should include as minimum....

Credit and mentions on socials posting on your own feed with my images.

A positive review I can post to my socials and website.

A share of your images or posts by the modeling agency you're connected to.

As well as other value that is highly regarded and will help to assess the eligibility of TFP...

A paying client from a referral. (this could be another model, brand or individuals)

Working with brands that will post your content from the shoot with tags or mentions to Marty

A pull letter from a magazine or brand.

High engagement on your socials (not purely the number of likes or followers)

Project ideas or unique themes.

Your notes here or on a separate page.....

Included below are examples of the value for an experience like this for reference. There is absolutely no obligation or investment for the session mentioned on this form.
